5th TURKISH OCCUPATIONAL SAFETY + HEALTH EXHIBITION
5. TÜRK İŞ GÜVENLİĞİ VE SAĞLIĞI FUARI

Press Release:

The 5th TOS+H Expo: Innovative strength in occupational safety and health with strong partners and regional appeal

Düsseldorf, 21 March 2024 – From 2 to 4 May 2024 TOS+H Expo will open its doors for the fifth time continuing its impressive success story. The trade fair, which has become established as an indispensable platform for occupational safety health experts in Turkey and the region, registers very high demand and plenty of space bookings, which impressively underscores the strongly growing interest in this key event in the region.

2024 brings exciting innovations:

The Istanbul Chamber of Industry (ISO), Turkey's biggest chamber of industry with over 24,000 members, will again act as the proven partner of TOS+H Expo. Organising its own stands (İstanbul Sanayi Odası and İstanbul Sanayi Odası Belgelendirme A.Ş) and the ISO Symposium for Safety and Health at Work it will focus on earthquake and disaster relief this year. The event will also be enhanced by the TİGİAD Association; it will hold its general assembly during the trade fair and organise its own stand as well as expert presentations on the themes of safety and health at the workplace.

"As part of TOS+H Expo 2024 we will be intensifying our cooperation with the Istanbul Chamber of Industry (ISO) to jointly expand this essential networking platform for occupational safety and security in the region.
With this partnership we are making a decisive, joint contribution to the development of a safe working environment in Turkey," explains Lars Wismer, Director of A+A and the global Occupational Safety & Health Portfolio.
